About Cyclehoop Lockers

Lambeth council have invested in twenty seven Bikehanga's, which have been placed across the borough. The Lambeth Bikehanga is the first outside cycle parking storage in London to be installed on the highway, by removing one car parking space. It is a galvanneal steel bike locker with a gas spring door and perforated side panels, offering residents in Lambeth safe and effective outside cycle storage to protect their bicycles from tough weather conditions and vandalism.

How it works

Cyclehoop are working alongside Lambeth council to run the Bikehanga scheme. Local residents living in Lambeth can apply to Cyclehoop for a cycle parking space within a Lambeth Bikehanga. For a small annual membership fee they will receive a key to gain access to a cycle parking space. Cyclehoop will manage the scheme and maintain the Lambeth Bikehanga's for the duration of the contract.

Read our [scheme agreement](#).

Rental Information

Costs and pricing:

- 1 The cost of the membership will be £42 per year and will be paid upfront on an annual basis.
- 2 A refundable deposit of £25 will be required and needs to be received in advance.
- 3 The rental term shall run on a 12 month rolling basis.
- 4 Both fees for the subscription and the disposal fee are set annually by the operator.

If you are interested in renting a space within one of our Bikehanga's please do not hesitate to [contact us](#) for further information.
